SERVICE SPECTRUM

- Project Cargo Transportation
- ODC & Super ODC's / Break - Bulk and Heavy Cargo Lift
- Air Suspension Trailers for delicate, special & sensitive cargo
- Mechanical Trailers for ODC / Break-Bulk / Containerised Cargo
- Goldhafer Modular Trailer THP-SL 45
- Multimodal Transportation
- International Freight Forwarding
- Warehousing & Distribution

OUR STRENGTH

- Pan India presence with state of the art infrastructure , adequate resources, and high technological equipments
- Dedicated competent professional manpower with high technical skill
- In-house business Model: - Over Dimension & Transformers delivery model (OD-TDM) which ensure fast, safe and competitive transit time schedule delivery.
- Round the clock operational services
- Enduring safe and smooth handling of shipments through state of art material handling equipments
- Tracking of vehicles through advance GPS tracking system.
- Tailoring the customer needs through vehicles of different sizes & capacities
- Dedicated customer services across all branches
- Computerized & outmoded services across all branches
- Enduring safe and smooth handling of shipments through state of art material handling equipments
- Web based and customerized Ware house management system (WMS)

Project Cargo Transportation / ODC & Super ODC's / Break-Bulk and Heavy Cargo Lifts upto 624 MT

- **Total 20 Nos.** of Volvo Pullers of different capacities like 520 HP, 460 HP, 400 HP, 380 HP. This is the highest number of Volvo Puller with single transporter in whole India
- **Total 144 Nos.** of Hydraulic Axles to carry different weight and sizes Over Dimension Cargo (ODC) / Over Weight Cargo (OWC) movement across India
- **Total 24 Nos.** of Latest generation Imported Goldhofer THP-SL-45 Hydraulic Axles to carry load upto 624 MT. Our Hydraulic Axles Specialist Operators receive regular Technical training & Specialized courses in India and Germany

Air Suspension Trailers for Delicate, Fragile & Sensitive cargo

DCM Pvt. Ltd is First in India to Introduce Air Suspension Trailer concept for Indian Logistics & Transportation sector

Total 8 Nos. of Imported Air Suspension Trailers for highly delicate, Fragile and Sensitive cargo Movement

We offer door-to-door transport solutions for sensitive cargo like Helicopter cabin, Healthcare products, Solar panels, Solar critical mirror assembly, PV panels and Research sensitive cargo. Our Trailers provide high standard quality service with zero jerks and vibration transferred to cargo even on bad road condition and worst climate

Mechanical Trailers for ODC / Break-Bulk / Containerised Cargo

DCM Pvt. Ltd offers **144 Nos.** of complete range of Mechanical Trailers i.e. High Bed Trailers, Semi Low bed Trailers, Special Low height Low Bed Trailer with varying accessories to expand and enhance suitability. The standard range includes Trailers up to a GVW of 49 Tons complying with the notified vehicle norms in India and most other countries.

Our Latest Generation 24 Nos. Heavy Duty Goldhofer THP SL-45 Module

- **DCM Pvt. Ltd** poses latest Generation Goldhofer THP SL-45 heavy duty hydraulic modular trailer has technical Load capacity of 45 MT Per Axle Line compare to other which are currently available in market poses load capacity of either up to 26 MT / 36 MT.
- Goldhofer Axles has exceptionally low dead weight of 3.5 tons per Axle line which give higher profitability to lift heavy loads.
- First in India , Single chassis of 8 Axles line having technical capacity of 360 MT and Official Capacity of 208 MT.
- Unrestrained lengthwise and crosswise coupling for large width cargo like Runners , fully assembled EHV Transformers , other special machineries thereby giving loading area of Length:18 Mtr , Width: 6.5 Mtr and official payload capacity of 540 MT.
- THP-SL-45 Heavy duty modules have Twin wheel , Higher bending Movement and steering angle up to +/- 55 degree which make Axles best for off-road areas.

Route Survey & Analysis

- To ensure operational efficiency, we surve roads & determine the best possible route for reduction in absolute Transit time & gather critical information bridges condition , Terrain, other constraints like Naxal affected areas and Availability of basic amenities enroute
- Our multi-disciplinary team of highly qualified & experienced engineers design reliable trailers to meet specific consignment requirements in accordance with international standards for Goldhofer Hydyaulic Axles & Other Tratec Hydraulic Axles.

Multimodal Transport

Multimodal Transport can be viewed as “the chain that interconnects different links or modes of transport -air, sea, and land into one complete process that ensures an efficient and cost-effective door-to-door movement of goods under the responsibility of a single transport operator
